GAMES | PUZZLES

2025 is an exciting year for Professor Puzzle. After acquiring Ginger Fox Games in 2024, our first acquisition, we are excited to launch their best-selling games into the US.

Games such as Corks, Bangarang, We're All Gonna Die, and the Naughty Nature series have already been hugely successful in America.

New titles – Top Secret: Briefs and Hands Off My Pecker – add even more newness to this already broad range.

On the Professor Puzzle branded side, we can't wait to see the new Einstein Card Game sitting on shelves after the success of our Einstein Board Game in 2024.

The Myths & Legends range is particularly exciting following growing demand for us to go back to the company's roots and create more puzzle ranges.

Our display units have been best sellers in recent years, so three new displays go into the catalog this year – Zodiac Jigsaws, Mini Jigsaw Library, and Mini Dice Games.

Escape from the Lost Temple and Little Dinosaurs are new to games, with more exciting additions to complete the newness.

We thank all our customers for their business past and present. It is very much appreciated.
